

MISS DREXEL'S GIFT

She will Furnish the Funds to Build a
Church for Colored Catholics.
 PHILADELPHIA, July 26.—Miss Kate Drexel

of this city, who recently entered a convent at Pittsburg, has gratified the long cherished wish of Archbishop Ryan, for the establishment of a church and school for the negroes of the Catholic faith, by a gift of a sufficient amount to build such an institution and making provision for the support of it. Rev. Father McDermott, who has

Miss Drexel has been chosen for the colored cathedral of Pittsburgh, is expected to arrive in this city within a day or two, and between himself, the arch bishop and Miss Drexel, who will come to the city for the purpose, there will be a conference to discuss proposed arrange details. It is said that Miss Drexel may have been offered \$25,000 or \$12,000 for the building of the church, and that she will provide a permanent fund for maintenance for it, including the salary of the pastor.

The location, however, has not yet been decided upon, and it will not be until Rev. Dr. Schell and Miss Drexel arrive from Pittsburgh. It is said that the foundation of this church will eventually lead to the establishment in this city of a college for the colored race, of which Miss Drexel will be the patroness.

THE DEFEATING SECRETARY
Of The State Wheel, Whose Disappearance Is Still a Mystery.
NASHVILLE, Tenn., July 26.—[Special.]—The Nashville surprise disappearance of W. T. Davis, the defeating secretary of the state wheel, remains unsolved. The police are industriously

Your reporter interviewed a number of members of the order at the capital to learn their opinion about the disappearance. He learned that the police now have entire charge of the matter, the wheel officials having imparted to them all they knew abt it. It is stated that Mr. J. F. Tillman, of Bedford county, met Davis on the corner of Church and Sumner streets at 8 o'clock or thereabouts Monday night, and that the latter was later the same night seen to

The Whist club room on Summer street. Some members believe that Davis is hiding in the city, while others are beginning to believe that he really did commit suicide as he wrote he intended to do. KILLED BY THE MORMONS.

An Augusta Sick Man Brought to His Death by Mormon Interference.

—

AUGUSTA, Ga., July 26.—[Special.]—Dr. A. E. Sully reports that the death of F. M. Rhodes, which occurred today, was the work of Mormon elders. He says the man had had cases of intermittent fever, which he had treated for some time, and had brought him safely past the crisis. With careful treatment and attention to his directions, his recovery was assured. But Rhodes had been one of the attendants on the meetings of the Mormons in the factory settlements,

pay no attention to the directions of the physicians, but to do as they bade him. They then appointed him and told him to get up and

Mr. Rhodes did as he was bidden, and neglected Dr. Sully's direction. Today he died, and Dr. Sully says his death was the result of Mormon interference.

MANY AMENDMENTS:

THE SUBSTITUTE LEASE BILL IS TO BE PATCHED UP CONSIDERABLY.

The bill is the main topic of discussion in legislative circles. The betterments question is troubling some wise men—some proposed amendments.

The Western and Atlantic bill, the special order for next Tuesday, is the leading topic of discussion in legislative circles.

The substitute bill is itself a coat of many colors. The original bill, No. 125, was amended and added to until nothing but the caption was left to identify it.

Now, the substitute bill is to be patched and re-patched. Several members of the committee are at work on amendments for it, and the discussion in the house, beginning Tuesday, will probably take up the remainder of the work.

Even Chairman Rankin, who did more work than any other member of the committee to get the substitute bill in shape, said yesterday:

"Section 3 will have to be amended. The trouble is simply that the section guarantees that the road shall be in the best condition over a year from now as it is today. The question of betterments is concerned in that, and the state can't afford to guarantee such a thing."

"What will you suggest about it?" "I don't know, exactly. I am at work on that now, and will be from now until Tuesday. We may make back the corresponding terms of the original bill, and advertise without any such guarantee. Certain it is, though, that the third section must be changed."

Mr. Huff said:

"I shall introduce an amendment that only so much of the road be leased as is absolutely necessary for the operation of the road. That will help the state in the corresponding terms of the future, if it does not avoid it altogether."

"What do you propose doing with the other road?" "I will let the state's debt."

"What about the third section?" "It will have to be changed. The state can't guarantee that the road will be in as good condition as it is now."

Mr. Atkinson, of Covett, says:

"I am in favor of the bill, but the really, sell the rolling stock—lease the road."

Mr. O'Neill's amendment is an important one, and will probably be adopted. It provides that the legislature in joint session shall examine the bids and award the lease. This does away with the middle man in the present bill, and is the responsibility directly upon the legislature. The idea is one that meets with general favor.

"There is a popular demand," said a prominent member of the house, "on the part of the people, that this should be done. The people generally are distrustful of these boards. They were never satisfied with that feature in the awarding of the present lease. They want their immediate representatives to be responsible for the lease. That amendment, I think, will certainly be adopted."

Mr. Glenn, of White county, said yesterday:

"I am going to submit a minority report on the bill."

"How do you propose to amend it?" "First, that the road shall not be leased to a competitive system, nor to any corporation controlling a competitive system. Other things being equal, a Georgia corporation composed of Georgians shall be given the preference over one composed of foreign capitalists."

"In the second place, section 3 must be amended so as to avoid a declaration as to the rights of the people, and not commit the state to do anything when it is not certain by any means that they will be able to do it."

The amendment proposed by Mr. Simmons is an important one—a midway course between that proposed in the substitute bill and that proposed by Mr. O'Neill, as to who shall examine the bids and award the lease. The bill provides that this shall be done by the governor, comptroller-general, secretary of state, treasurer, attorney-general, president of the senate and speaker of the house. Mr. O'Neill says it should be done by the legislature.

"It strikes me," said Mr. Simmons, "that as the question is a purely business one, it could be best determined by a commission elected by the legislature for that special purpose. Say make up the commission of the governor, as the bids will require his official signature, the attorney-general to determine the legality of the bids, an experienced railroad man and two good business men, the last three to be elected by the legislature. Ex-officio boards are too often unjustly regarded as 'rings,' while a majority of the board being elected by the legislature, the members of which are more directly responsible to the people, no such accusation could be made against it."

Mr. West, of Anderson, said yesterday:

"I shall introduce an amendment so that the lease shall be for not less than fifty years. It's better for the state, as a business proposition, and it takes the matter out of politics."

"I am with O'Neill in his amendment to have the legislature, and not an intermediate board, award the lease. The people want it done that way."

Mr. Oliver said:

"Sections 1 and 3 ought to be amended. I won't talk further about it for publication now, but I shall propose to amend those two sections."

Mr. Felton is disposed to stand by the substitute bill as it comes from the committee.

"I shall not offer a single amendment," said he. "I don't see how we can improve section 3."

Mr. De Lacy is with Mr. Felton in this: "The road ought to be offered in its present condition."

Judge Lawson is with Mr. De Lacy: "Section 3, in consideration of these unsettled claims between the state and lessees, is in as satisfactory a form as it could make."

And Mr. Hart is with Judge Lawson. Mr. Hart is the author of section 3 in the substitute bill, and is satisfied with the bill as it is.

Mr. Hand is not so well satisfied with the present bill.

"That guarantee in the third section won't do," said he. "The lessees could come forward at the expiration of the lease and say, 'We were not allowed to exercise our discretion in the matter of removing betterments, and were forced to keep the road in as good condition, not only at the expiration of the lease, but as it happened to be on the day that the bill was passed. Your legislature found the road in magnificent condition one day, and commanded us to keep it in just that condition until the expiration of the lease.' That won't do—section 3 must be amended."

"I am heartily in favor of having the legislature deal with the matter directly, and then award the lease. I think that public sentiment is unmistakably on that line, and the amendment is a just one."

"I think the lease should not be for less than fifty nor for more than ninety-nine years."

"Who will probably lease the road?" "The Louisville and Nashville and the Central jointly. That would be my guess at it."

Another proposition, not referred to in the present bill, concerns the Western and Atlantic property in Chattanooga.

"That property," said another member of the committee, "is used for a freight and switch yard. It is in a good portion of the town, and could easily be sold—leaving the freight office and right of way—for \$200,000. The freight yards could be located further from the business portion of the town. This would be just as convenient for the business of the road, and the transfer would not cost the state \$400,000. The people of Chattanooga are hostile to the Western and Atlantic because it was not done before."

Mr. Patterson, of Bibb, has an important amendment.

"I think," said he, "that the better policy is to sell the road. One of the most seductive features of the lease bill is in the provision that half the income shall go to the common schools. If the road is to be leased, with that consideration as an argument in favor of the lease, more than half the income should go to the common schools. I shall amend the bill by providing that four-fifths of the income goes to the common school fund."

A Woman's Reformatory Home.

One of the most important bills introduced this week, and the only one of its kind this session, was read the first time yesterday.

Mr. Bell, of Forsyth, introduces it by request.

The bill asks for an appropriation of \$100,000 for a woman's reformatory home. The building of the home is to be under the direction of three commissioners appointed by the governor, and the home, after completion, is to be under the control of five matrons appointed by the governor. Every inmate of the home shall be required to adopt and to follow with industry some of the industrial pursuits during her stay there, the proceeds of such labor to help pay the general expenses of the home. It is prescribed that certain times shall be allotted for the study of the Bible. If, in the judgment of a majority of the board of matrons, a woman be confirmed in her reformation she shall be released and returned to the society of her friends.

In case the home should fail to accomplish the purposes for which it was intended, the property is to revert to the state.

Uncle Ben's Bill.

Uncle Ben Dugger introduced a bill of general interest yesterday.

The bill provides that, for the protection of cattle and stock, all railroads doing business in Georgia shall fence in their lines with two fences, one on each side of the track, except at crossings.

Where cattle are injured through neglect of the railroad to comply with this, the road shall be liable to the owner for double the amount of actual damage.

For the Old Soldiers.

Mr. Montgomery, of Marion, introduced a bill yesterday "to exempt from road duty in the state all persons who entered in the military service of the Confederate states, or of this state, during the civil war."

The term "road duty" includes street tax.

ens to grade, pave, and otherwise improve certain streets.

Mr. Postell of Glynn—to incorporate the "Brunswick State Bank."

Mr. Lewis of Muscogee—to amend section 3971 of revised code of 1882.

Mr. Jones of Chatham—to alter and amend the road laws of the state so far as relates to Chattahoochee county.

Mr. Howell of Fulton (by request)—To relieve the Niagara Insurance company of New York. Also, to relieve the Imperial Insurance company of Detroit.

Mr. Gordon of Chatham—to alter and amend section 37 of the code of 1882, in regard to separate and several estates of a husband and wife.

Mr. Crenshaw of Randolph—to provide for the passage of fish in any water course in Randolph county, and to amend section 395 of the code of 1882.

Mr. Dugger of Fannin—to require all railroad companies operating in the state to fence their right of way on each side for the protection of live stock and to amend section 395 of the code of 1882.

Mr. Humphries of Sevier—to repeal an act to change the time of holding court of criminal law in Sevier county.

Mr. Bell of Forsyth—to secure lands and to erect suitable buildings there for women's reformatory home, and to make appropriations for the same.

Mr. Tuck of Clarke—to provide for the registration of the qualified voters of Clarke county.

Mr. Hardage of Cobb—to amend section 462 of the code of 1882, to amend section 595 and 600 of the code of 1882.

A BREEZE IN COMMITTEE.

Mr. G. G. Jordan makes a Hot Speech Before a Senate Committee.

A few days ago Senator W. O. Johnson introduced a bill to confirm the action of the mayor and council of Columbus in subscribing for stock and bonds of the Mobile and Girard and Georgia Midland railroad.

Before the special judiciary, of which Senator J. W. Harris is chairman, there has been a warm contest over the bill. Colonel John Peabody, and other citizens of Columbus oppose the confirmation of the action of the mayor and council, and on Thursday afternoon Colonel Peabody made an argument against it on the ground that it was unconstitutional.

Yesterday morning at 9 o'clock the committee had another session, and Mr. Jordan replied. He is naturally an enthusiastic speaker, and this was a subject on which he was especially warm. Of late attacks have been made upon the constitutionality of the bill, and his defense of the road and the policy of the city council, of which he was a member at the time, was elaborate and eloquent. His arraignment of the opposition was strong.

He told how in a room in a New York hotel some years ago he had heard Mr. Clyde, of the Richmond, who had been a significant remark about Columbus as a bottled town, and he went off in his indignation and determined to break the bottle. He related the presidency of Mr. Eggleston, and the manufacturing company and enlisted for the war. After a protracted effort he engineered the Georgia Midland through.

Replying to the question of why he had come to take action similar to that which he now pronounced unconstitutional.

THE THIRTIETH GEORGIA.

An Enjoyable Reunion at Stockbridge Yesterday.

The Thirtieth Georgia regiment held its annual reunion at Stockbridge yesterday.

There was a very large attendance, the crowd being estimated at three thousand. There was about eighty-five members of the regiment present, and the reunion was made an occasion of general festivity.

Colonel McKibben, of Jackson, made the opening address, which was received with cheers and applause.

Hon. J. D. Stewart next delivered a splendid address, which was loudly applauded.

Then came the feast which was most bountiful.

In the afternoon there was a general exercise meeting of the survivors of the gallant Thirtieth, during which the boys fought all their old battles over again. The next meeting will be held at Jackson, on July 26, 1890.

HE MARRIED.

But His Bride Was Already the Possessor of a Husband.

Harry Williams was tried before Judge Landrum yesterday for marrying a woman who already had a husband.

The woman's name is Manda, and both are members of Mr. Zion colored church. Williams acknowledged that he knew of his wife's marriage before he wedded her, but she said she had been divorced, and thought it was all right.

Hiram O'Neil was the prosecutor, and the trial developed the fact that he had sworn out the warrant because Williams had made a charge against him.

He is also a member of Mr. Zion church, and the suit was sort of a family quarrel.

After much wrangling a compromise was agreed on. Williams withdrew the charge against O'Neil, and O'Neil withdrew the warrant. Williams paid the costs.

When the parties left the courtroom they were followed by a large crowd of their brethren, who were attending as witnesses.

THEY LOVE THEIR LAGER.

A Colored Beer Club Wins Recognition by the Police.

A negro beer club is the latest addition to Atlanta's social organizations.

The club, which has for its aim and object the guzzling of beer on Sunday afternoon, anticipates trouble.

For this reason W. H. Courtwright called on Chief Connolly yesterday for permission to meet at the home of Mrs. H. H. Jackson, 44 Alexander street, on Sunday afternoon.

He wanted the chief to give the club police protection against dead beats and swindlers.

The chief informed the applicant for guzzling privileges that he had no objection to issue such a permit, but that the club could drink as much beer as it wanted as long as the members behaved themselves.

The club is regularly organized, with about twenty members.

DEATH OF A STUDENT.

Mr. Fred G. Kneeland died yesterday of typhoid fever, at Cherry street.

He was working last Saturday among the machinery of the Technological school, where he had been a student when he complained of feeling ill. The disease developed itself the next day and nothing could be done to save his life.

Mr. G. W. Kneeland, the young man's father, came to Atlanta from Massachusetts with his family, a year or two since.

He secured a position in the Technological school and his son entered it as a student. The young man was only seventeen years of age. The body will be taken to his former home for burial.

IN SOCIETY'S DOMAINS.

THE TRIAL BY JURY PERFORMANCE LAST NIGHT.

The German O'Clock German Club Gave an Elegant Dinner at Sweetwater Park Hotel—Notes and News About People.

"Trial by Jury," one of Sir Arthur Sullivan's prettiest comedies, is an opera especially adapted to amateur presentation. It is bright and funny in its lyrics and full of sweet, tuneful music.

As given at the opera house last night, "Trial by Jury," proved one of the most enjoyable of the many enjoyable musical events of the season to which it gave a fitting close. The performance was given under the direction of Mrs. Belle C. Dykeman. The fact that it was given by Mrs. Dykeman was an assurance of its excellence. A rare musician herself, Mrs. Dykeman possesses powers as a director which few lady teachers have.

This is shown in all of her entertainments, and again demonstrated last night.

The "Trial by Jury" programme was:

CAST OF CHARACTERS:

Judge.....E. W. Spencer
Deputy.....E. L. Van Zandt
Counsel for Plaintiff.....F. N. Nisbet
Foreman of Jury.....C. J. Lynch
Clerk.....Mason Lynch

Plaintiff.....Miss Katie Lyman
First Defendant.....Miss Annie Griffin
Bridgesmaid.....Miss Maudie Dickerson
Charlotte Thompson, Regina and Cecilia Menly, Cleo Prather, Stella Griffin, Katie Thomas, Clara Werner, Louise Johnston, Nellie Schikan, Frances Schmidt, Sissie Griffin, Katie Dehl, Katie Casey, Fannie Johnston and Maudie Brady.

There were the gentlemen members of the chorus who, wreathed with flowers, posed as jurors.

It is unnecessary to particularize concerning the acting and singing of the members of the cast or of the chorus, other than to say that all did excellently well. Mr. Spencer was a dignified and just judge with a remarkably good voice. Mr. Van Zandt, Mr. Nisbet, Mr. Lynch and Mr. Wilson were all good and earnest as jurymen.

As ever won the heart of judge and jury, and her bridesmaids were fit companions to so attractive a bride. Miss Lyman's solo was one of the best features. It was, as has been said, very well sung, and everybody present enjoyed the performance.

An interesting feature of the evening's programme was the drilling of the "Lightning squad" by Captain J. M. Arnold, who was at one time mayor of St. Mary's, Ga., and senator from that district, died Thursday evening at St. Joseph's infirmary.

His illness was a lingering one, and since his stay at St. Joseph's he has received every attention possible, but to no avail. The remains were sent to St. Mary's for interment, where his family is buried.

Captain Arnold was a lawyer of ability and a citizen of high character. His death is a great financial loss to the community, and a personal loss to his family.

He was taken sick about a month ago in a room on Mitchell street. Mr. A. J. Shropshire, hearing of his condition, sent him to St. Joseph's, and he died there on Thursday evening.

WILL BE SENT BACK.

An English Bookkeeper Will Make His Return Trip.

A WASHINGTON, July 26.—The secretary of the treasury today decided on an interesting question arising under the alien contract law. It seems that Irvin & Sellers, merchants of England, who have a branch house in New York city, recently discharged a bookkeeper in their New York house, an American named James T. Watson, who sent an English bookkeeper in the home office named Edward F. Hennessy to take his place. Watson complained to the collector at New York, and the collector refused to allow him to land, on the ground that it would be a violation of the contract law. An appeal was taken to the secretary of the treasury, and he instructed the collector to allow Irvin & Sellers to land on giving bond in the sum of \$500 for his return. In case it was decided that the collector was right, the collector would be required to return the bond. The question was referred to the solicitor of the treasury, and that official gave his opinion, as Mr. Hennessy had clearly come to this country under contract of labor, his landing would be a palpable violation of law. The secretary confirmed this opinion, and instructed the collector at New York to compel Hennessy to return to England.

Tragedy in New Mexico.

SANTA FE, N. M., July 26.—Deputy Sheriff Warren Moore was shot and killed this morning at Wallace, N. M., by Joseph Chaskey. The latter was a small pox attendant, and was ordered to leave the town, whereupon he fired three shots into a crowd of citizens, wounding one man. He then fled to the hills, pursued by a posse of citizens. Chaskey turned and killed the officer, and was himself overtaken by an angry crowd and killed with bullets.

ROYAL BAKING POWDER.

Mr. Ollie C. Fuller will probably not make Atlanta his home in the very near future. This news will be learned with deep regret by the many friends of Mr. and Mrs. Fuller, whose beautiful Peachtree home has been the center of so much social enjoyment.

Business interests are such as to take him away from Atlanta the greater portion of the time, and for that reason he has sold his home here. In a few weeks Mr. Fuller and his family will go to some of the winter resorts, and then they will go to the west. They will probably spend the early months of winter in New York and the latter part in Florida.

Colonel Scully, of the United States army, has taken Mr. Allison Green's residence for the summer. The colonel leaves Monday for New Orleans, where he will remain a few days and bring his family to Atlanta, where he will take his home for some years. Colonel Scully likes Atlanta.

Misses Alice and Lizzie Parish, two accomplished and popular Savannah young ladies, are stopping at the Markham.

The Vester Literary club met last evening at the home of Mrs. H. H. Jackson, 44 Alexander street. Only a few members were in attendance owing to the inclemency of the weather, but the present spent a highly enjoyable evening. The next meeting place of the club will be arranged the first of next week. The club numbers about forty members.

Professor Charles C. Cox, principal of the Southern Female college at LaGrange, is registered at the Kimball.

Mr. John Huger, of Savannah, and his bride passed through Atlanta yesterday on their wedding journey. They were registered at the Kimball.

The first religious act will be performed in the chapel of the Hebrew orphan home on Saturday, the 27th of July, at 10 a. m. The ceremony consists of the Bar Mitzwah of three of the orphan boys, who have reached their thirteenth year, and are entitled to a full membership, regarding all religious duties of an Israelite. At a meeting of the board of directors, it was unanimously resolved that his ceremony should be performed publicly. Friends and patrons of the institution are cordially invited to the home, where the ceremony will be conducted by Rev. Louis A. Son, president of the home.

PHONOGRAPHS.

With our chief office in Atlanta we are now prepared to lease the above wonderful inventions of Edison, Bell and Tainter, by which sounds are engraved on a small cylinder, that may be preserved indefinitely, and reproduced at will.

For lawyers, mechanics, and all their homes or offices, it is a mechanical stenographer always at command. The cylinder, if the instrument be used at home, can be brought forward to the user's office, and there transcribed by a typewriter or by "long hand."

Music, vocal and instrumental, is faithfully and accurately recorded and reproduced. The instrument is so simple that a few minutes' instruction will enable any one to use it.

We cordially invite all parties interested to call at our office, No. 43 Walton street, corner of Fairlie, and inspect the machine at their pleasure. Telephone No. 627.

THREE THOUSAND PER YEAR.

The Price Which the Old Capitol Ought to Bring.

There was another flood at the postoffice yesterday, and the clerks were obliged to work their best to keep the letters from getting wet. They will be compelled to stand this inconvenience for some days longer.

After the five real estate men made their report, it was decided that Chief Inspector Sharp should go to Washington and explain the condition of things to the government, and get the powers to agree to the price which will be offered for the first floor of the old capitol.

When the consent of the department is secured, he will at once telegraph Colonel Renfro, and no time will be lost in making the offer to the legislature.

All this will probably take until next Tuesday or Wednesday. The price agreed on for the year was \$3,000.

Colonel Renfro considers this a very moderate rent, and has no doubt he will be authorized to make the offer. It will then remain with the legislature to accept or not, as they think proper.

A LA SULLIVAN.

Edgewood Comes to the Front With a Slugging Match.

The air is full of rumors about a fight which happened at Edgewood on Thursday evening.

Several who saw the fight say it was done up in regular Sullivan-Kilrain fashion. The contestants were two of Edgewood's most popular young men, both well-known in Atlanta as first-class amateur athletes.

There was no bad blood between them, but the fight was simply to see which was the better man. They have been training for the contest for some time, but the time and place of meeting had been kept a profound secret. About twenty of the friends of both parties witnessed the match, and among them were a number of Atlanta sports.

Three ounces gloves were used, and the fight was a tussle. Both were stripped to the waist, and the contest was a very close one. At the end of the eighteenth round the pugilists concluded he had had enough, and threw up the sponge.

Neither was hurt badly, but it is said both will feel sore for sometime to come.

AN EX-SENATOR'S DEATH.

Captain J. M. Arnold Dies at St. Joseph's Infirmary Thursday Evening.

Captain J. M. Arnold, who was at one time mayor of St. Mary's, Ga., and senator from that district, died Thursday evening at St. Joseph's infirmary.

His illness was a lingering one, and since his stay at St. Joseph's he has received every attention possible, but to no avail. The remains were sent to St. Mary's for interment, where his family is buried.

Captain Arnold was a lawyer of ability and a citizen of high character. His death is a great financial loss to the community, and a personal loss to his family.

He was taken sick about a month ago in a room on Mitchell street. Mr. A. J. Shropshire, hearing of his condition, sent him to St. Joseph's, and he died there on Thursday evening.

WILL BE SENT BACK.

UP AT CHAUTAUQUA.

THE WORK OF ONE DAY AT THAT RESORT.

Lectures and Musical Features of Yesterday's Programme—The Day at the Chautauqu Institute—Today's Programme.

Yesterday's attendance at Chautauqua was a flattering assurance of the rapidly increasing interest felt in the exercises and entertainments given at this great institution. There was a larger crowd yesterday from the city than has heretofore attended, and the visitors from a distance are rapidly increasing.

North and South Carolina, Virginia, Tennessee, Arkansas, Louisiana, Texas, Mississippi, Alabama and Florida are well represented by some of the most cultured people of these respective states. Of course Georgia is abundantly represented, and every one who is there, or has been there, is loud in praise of this noble institution.

Yesterday morning was devoted to a concert at 10 o'clock and a lecture by Professor Currier at 11. At 3 o'clock Dr. Kelly delivered a most excellent lecture on "Denominationalism; Its Uses and Abuses." At 5 o'clock Mrs. R. Murdock Hollingshead finished her series of lectures, and, notwithstanding the terrible rain-storm that prevailed, she had a large and exceedingly appreciative audience. The lectures by Prof. Currier and Dr. Kelly received unstinted praise, and are calculated to do an immense amount of good.

At 8 p. m. Dean Alfred A. Wright, who is undoubtedly the profoundest and most popular lecturer on the platform of today, delivered a lecture on "The Scientific Study of the Bible," which was certainly one of the finest productions ever heard in America.

The programme for to-day is very fine, and should be attended by all of Atlanta. It is as follows:

PROGRAMME FOR SATURDAY, JULY 27.
10 a. m.—Chorus class—Prof. D. C. McAllister.
10:15 a. m.—Lecture—Dean Alfred A. Wright. Lecture—Prof. W. S. Currier.
11 a. m.—Lecture—Rev. C. H. Strickland, D. D., Nashville, Tenn.—"Lord Buddha."
12:30 p. m.—Musical entertainment—Weber band.
3 p. m.—Select dramatic, dialect and humorous reading—Prof. Mark B. Beal.
4 p. m.—Assembly Bible study—Dean Alfred A. Wright.
5 p. m.—C. I. S. C. round table.
7:30 p. m.—Illumination of the grounds.
8 p. m.—Concert—The Assembly chorus and the Weber band.

Peabody Institute.
Mr. Looney very greatly delighted his audience by his lecture on "Grammatical Analysis."

Mr. Evans continued his series of interesting lectures on "Primary Arithmetic." No. 10 teacher who hears them can fail to be benefited.

"Uses and Abuses of Map Drawing" was the subject of the next talk. Mr. Ashmore handled the subject well.

Mr. Branson contributed very much to the pleasure of those present by delivering another one of his earnest lectures.

Major Stanton, under the head of physical training, pleaded eloquently for improved school houses and better school furniture. This is a vital question, and if the people of the state could have heard his lecture it would certainly result in great good.

The principles of percentage, as applied to the practical business affairs of life, were sought to be simplified and impressed upon the teachers by Mr. Woodall.

An essay on "The Novel as a Work of Art," was read by Miss Andrews. This was one of the most sparkling, brilliant presentations ever read on the Chautauqua grounds. The reading was almost faultless.

The lecturers in their work show no disposition to advertise themselves, but seem to be earnestly striving to do good. They have evidently been successfully studying the best methods of teaching.

THE THIRTY-FIFTH GEORGIA.
A Big Time at Lawrenceville on Tuesday Last.

On Tuesday last the Thirty-fifth Georgia regiment held its reunion at Lawrenceville with the Forty-second Georgia regiment.

There were ninety-nine survivors present, and the occasion was made most enjoyable.

Captain W. T. Irvine, of Floyd county, was appointed historian of the regiment, with a committee, consisting of a member from each company in the regiment, to assist him in collecting and compiling all the data concerning the history of the regiment.

The old officers who have held their positions for five years were re-elected, as follows: Captain T. W. Latham, of Fairburn, president; Major J. T. McIlvany, of Gwinnett county, vice-president; Captain E. M. Roberts, secretary and treasurer.

It was resolved that Fairburn should be the next place of holding the reunion, the date to be July 23d, 1890.

The local committee of arrangements for the next reunion was appointed: Captain T. W. Latham and Mr. Joel B. Smith.

On motion a resolution was passed to appoint a committee, composed of Captain T. W. Latham, Captain E. M. Roberts, Captain T. C. Cass and Mr. Henry W. Thomas, to meet the committee of the Confederate Veterans' association on August 12th.

Resolutions were passed endorsing Senator Massengale's bill for leasing the old capital to the Confederate veterans; and of thanks to the people of Lawrenceville and Gwinnett county for their hospitality; and requesting the Gwinnett Herald to publish the proceedings of the meeting.

LIGHTNING'S FREAKS.
Several Persons Injured by Shocks or Lightning.

Old Aunt Mary Lamar was stricken by lightning while washing clothes late yesterday evening.

The shock was so severe that the woman was thought to be dead for some time, but by hard work she was brought back to consciousness.

A stroke fell among a gang of seven or eight negroes, near the old street car station in West End.

The negroes were playing craps. When the lightning struck, one of their number was knocked down and the balance fled.

The negro was brought around after hard work, but the shock had broken up for good.

On McDaniel street a little boy was very severely shocked, but not seriously injured.

Mrs. Kershaw, who lives on Jones street, between Hill and Grant, was very badly shocked, and remained insensible for awhile. She sustained no serious injuries.

THROUGH THE CITY.
Mr. Charles B. Walker and Mr. J. W. Hicks left Atlanta yesterday. They will travel through the country and advertise the half-rate excursion through Texas and Arkansas, which will take place next month.

Young men with sweethearts in Chattanooga will now have an opportunity of running in there twice as often as they have been doing for the same money. Both the East Tennessee and the Western and Atlantic have reduced the excursion tickets to \$3, good from Saturday until Monday.

The necessary stoppage of the engine of the Fulton Cotton Spinning mills yesterday, due to the closing of the factory, a new cylinder is being placed in the engine house and until the work is completed the operatives will have a holiday. The work will be resumed Saturday and work will be resumed Monday.

Salt rheum, with its intense itching and burning, is cured by Hood's Sarsaparilla. Many who were formerly severe sufferers have reason to thank "the peculiar medicine" for cures effected.

TYPE WRITING.
And Stenographic Business—All Kinds of Work Promptly Executed.

Messrs. Crankshaw & Johnson, who are expert stenographers and type writers, have opened an office at 24 Marietta street. They will do all kinds of stenographic work, type writing, copying, etc. Any correspondence a specialty. If you need anything in this line give them a call.

CAUGHT AT THE DEPOT.

A Negro Thief Who Was Bound Over For Burglary.

Judge Pat Owens bound Bunk Carter over to the city court for burglary yesterday.

Carter is a negro who has a weakness for taking things which do not belong to him, and his weakness has got him into trouble several times.

Some time during Tuesday he broke into the house of Matilda Huggins, on West Peters street. Matilda has two brothers, John Gray and W. H. Brooks. Carter wanted some clothing, and he appropriated their. He stole a crocus sack with clothing, and went away with it.

When the theft was discovered, Carter was suspected, and when it was heard that he intended leaving town yesterday, the police were put on his track.

Jim Gray went to the depot and found him in the waiting room. While he was going to notify an officer Carter slipped out and got on the train, carrying the crocus sack with him.

Then the officer caught him, taking him before Judge Owens with the result mentioned.

He denied being the thief, but said he saw another negro do it, who had gone to Birmingham.

The Invalids Hope.
Many seemingly incurable cases of blood poison, eczema, scrofula and rheumatism have been cured by B. B. B. (Balsam Blood Balm), made by Dr. Blood Balm Co., Atlanta, Ga. Write to them for book filled with convincing proof.

G. W. B. Ralder, living seven miles from Athens, Ga., writes: "For several years I suffered with running ulcers, which doctors treated and pronounced incurable. A single bottle of B. B. B. did me more good than all the doctors. I kept on using it and every ulcer healed."

D. C. Kinard & Son, Towaliga, Ga., writes: "We induced a neighbor to try B. B. B. for eczema, which he thought incurable, as it had resisted all treatment. It delighted him, and continuing its use he was cured, sound and well."

R. M. Lawson, East Point, Ga., writes: "My wife had scrofula 15 years. She kept growing worse. She lost her hair and her skin broke out fearfully. Debility, emaciation and no appetite followed. After physicians and numerous advertised medicines failed, I tried B. B. B., and her recovery was rapid and complete."

Oliver Secor, Baltimore, Md., writes: "I suffered from weak back and rheumatism. B. B. B. has been used to be the only medicine that gave me relief."

A gentleman remarked yesterday that it is getting hotter and hotter and the Sweet Bonquet cigarettes are selling faster and faster every day. They are all long Havana filler. Five in a pack for five cents. Don't smoke anything else when you can get a Sweet Bonquet cigarette.

A CARD.
TO THOSE WHO DESIRE TO SAVE MONEY.

During This Week We Will Have Some Special Attractions.

We expect a fresh arrival of that superior boneless codfish. It is the finest we can buy, and we advise our patrons to use only the boneless fish of this season. We also expect fresh arrivals of that extra quality white cream cheese. It is mild, and the richest quality will be found. Our 6, 7, and 10 pound Dove hams will be opened up on Monday morning. They are nice to hold whole, and as sweet as can be. We are receiving daily shipments of those large, sugar loaf August cantaloupes, and suggest that if you want something as good and as sweet as honey, come and buy an August cantaloupe. "A" receive fresh shipments, also, of egg plants. They are large, and arrive here perfectly fresh. Have and do not overlook our fresh Hovt's Thorin milk crackers. They are undoubtedly the best crackers in the market. You have doubtless noticed the poor, very poor flour you have bought recently from various places. We beg leave to state that we have no Royal Flour for a week, but have substituted the other best brands of our market to supply the demand, and we are sorry that we had to resort to this to supply our trade. On the 24th or Wednesday of this week we will have in the first car of new wheat flour, and you then will have extra quality bread. There is no flour sold in this or any market of the country that will compare with our Royal Patent. Our ice cream, strawberry, vanilla, lemon and chocolate. It is pure cream, still leads. It is the best in the market, and we ask you to try it. We solicit book patronage from all prompt paying customers. Come and try us. Hovt & Frong, 90 Whitehall.

Domestic Ammonia!

DOMESTIC AMMONIA is sold of the same strength as commercial ammonia. Water, it is less than half the price, and is the cheapest cleaning material in the world. Used according to directions, one tablespoonful is equal to one-third of a pound of best soap. When used with either hot or cold water, it leaves the skin smooth and soft, and does not injure the most delicate fabrics. All preparations of soda, soda or lime roughen and irritate the skin and rapidly destroy clothes.

DIRECTIONS.
For the Laundry—Soak the clothes over night in cold water containing one tablespoonful of ammonia to a pail of water, soaping the most soiled parts. In the morning wring them out, put them on the table and soap well. Then put the clothes into the boiler filled with cold water and only one-half a tablespoonful of ammonia to a pail of water. After the boiler is packed full, put on the fire and boil; then rinse the clothes thoroughly in two warm waters and one clear water, and then blue them. Flannels and blouses soaked a few minutes in a pail of water containing one tablespoonful, and one-fourth the usual amount of soap, and rubbed as little as possible, will become perfectly white without rinsing.

Clothes washed or soaked in the sink room, soaked over night in a pail of water, with two tablespoonfuls of Domestic Ammonia, can be rinsed clean in common water.

To clean and brighten silks, laces and woollen goods—Sponge with water containing a little Domestic Ammonia.

For the toilet—Use half a teaspoonful to a basin of water, or one tablespoonful for the bath tub. It will give absolute cleanliness, destroy all odor arising from perspiration, and leave the skin in a perfectly smooth, soft and healthy condition.

THE SPECIAL COMMITTEE

WHICH HAS EXAMINED THE TREASURER AND COMPTROLLER

Makes Its Report to Both Branches of the Legislature—The Excellent Condition in Which They Found the State's Affairs—Some Interesting Figures.

The sensation about the capitol yesterday was the report of the committee on the condition of the treasurer's and comptroller's offices.

The committee has been at work during the vacation and has made a thorough and exhaustive report.

The members of the committee were Senators Bartlett and Bradwell and Representatives Gordon, J. D. Harrell and Hand.

The report states that the committee spent ten days last May in examining every item and voucher in both the offices, footing up the figures in all the books, counting the cash and taking an inventory of the state's assets in the hands of the treasurer, the examination embracing the time between October 1st, 1887, and the 12th of May, 1888. The committee also under each voucher, inquired under what law each sum had been paid out.

"We also counted the cash in the treasurer's office on the 13th day of May," says the report. "We first obtained from the comptroller general the amount of cash, that, according to his books should be in the treasury, which showed the amount of \$445,194.88. This amount was verified by a and found to be correct. We ascertained that there was in the vault, in currency \$15,000, silver \$2,300, cash in the till, \$1,411.99; mutilated currency, \$30.00; vouchers for amounts paid maimed soldiers, \$9,757.57; school commissioner's orders, \$6,301.25; bonds and coupons \$36,449.95; amount in depository \$305,316.11; advanced to civil establishment, \$11,536.46; advanced to furnishing committee on the capitol, \$25.50; expense account, \$24.59.

"We also examined the assets of the state, as mentioned in said report. We found 185 shares of Georgia Railroad and Banking company's stock, 410 shares Southern and Atlantic Telegraph company's stock, bonds of the Marietta and North Georgia Railroad company, \$66,233.23, and shares of the bank of the state of Georgia, shares of the bank of Augusta, and the shares of the Atlantic and Gulf Railroad company, as contained in said report.

"In our examination of the office of the treasurer we found that under the act of May 1st, 1872, there were issued \$700,000 worth of bonds, but that of this amount only \$307,500 were ever issued and sold. There were not sold of this issue \$392,500, which were in the treasury and they are cancelled. Of those cancelled bonds we find thirty-six \$1,000 bonds numbering from 174 to 204, inclusive; five numbering from 208 to 272; 230 numbered from 301 to 500. Of the denomination of \$500 we find one numbered 39, and 302 bonds numbering from 39 to 400. In the batch of these cancelled bonds we find one numbered 193 for \$1,000, all the coupons intact and cancelled, but we were presented by Dr. A. W. Calhoun, of the city of Atlanta, with a duplicate bond of number 193, upon which, by reference to the treasurer's bond-book, we ascertained that the interest thereon had been paid since the first day of July, 1884. This bond appears to have been registered by Dr. Calhoun on the 24th of May, 1884. The present treasurer, on an examination of his office and whilst completing a list of the bonds of the state in his bond-book, ascertained certain facts we have here set out in reference to said bond, number 193, and that that number of the issue was in the treasury and cancelled and he declined to further pay the interest on the bond, and he refused to accept how it was that this duplicate bond was taken from the office, or by whom; nor were we able to ascertain whether there were more than one duplicate of this series. A suspicious and singular fact attached to this bond is that no demand has ever been made upon the state treasurer for the payment of the past due coupons thereon from 1872 to the time when it was cancelled. It was issued until 1884, when it was purchased by the present owner. He is free from all blame in the matter and is no doubt a bona fide owner of the same, but was unable to inform us as to how and by whom he purchased it. Your committee submit these facts so that such action may be taken on it as you deem proper."

The committee recommend an amendment of the refunding law so as to perfect the provision for applying the sinking fund to the public debt. They also suggest that the method of keeping past due coupons and paid up bonds safe and secure be improved by amending the law prescribing the manner of keeping them.

The report says that the committee had considerable difficulty in ascertaining by what law or authority many items not embraced under the general or special appropriation bills had been paid out, though the treasurer showed a remarkable and accurate knowledge of the laws under which money had been paid out, and they did not say a single item had been paid out without authority, but that this difficulty may hereafter be avoided and the legislature, and the people may know definitely to what purposes the money of the state is appropriated and paid out, and that the treasurer may at all times be able easily to know the law which makes the appropriation, and called on to pay, they were of the opinion that the general appropriation bills should specify all the annual amounts for every purpose and the laws under which each is authorized, and be brought in a bill to carry out this suggestion.

The committee thought there were too many journals printed and at too much expense, and brought in a bill limiting them to 500 copies. They found that the railroads did not pay their taxes promptly and brought in a bill to fine delinquent railroads, \$500 after October 1st.

An improvement in the method of redemption for wild lands sold for taxes is suggested to the effect that the custody funds and decision on evidence of ownership in such cases be transferred from the sheriff to the attorney-general and the treasurer.

A TERRIBLE TUMBLE.

Daniel Winfield Falls from a Sky-light.

Daniel Winfield took a terrible tumble yesterday.

He was whitewashing a skylight in the dome of the Metropolitan hotel, and making a false step he fell to the second floor, a distance of thirty or thirty-five feet.

On the way he struck a half wall and bounded down into the bath room.

He was dead as a wedge when picked up. Dr. Alley was the first physician summoned, and he administered such remedies as gave the man temporary relief.

Afterwards Dr. Green was called, and after a partial examination they found that the man was badly broken up. Several ribs were broken and painful contusions were inflicted all over his body.

The man was taken to Providence infirmary, where he is being treated. He was in a precarious condition last night.

FULTON COUNTY'S COMMISSIONERS.

Mr. O'Neill's Bill to Elect Them Passed the House.

Mr. O'Neill's county commissioner bill has passed the house.

The bill came up yesterday morning and passed without any opposition. It is local to Fulton county and is of decided interest to the people of Atlanta and the county.

The bill provides that from and after its passage elections shall take place as follows: The successors of the two commissioners whose terms expire April 1st, 1890, shall be elected by the grand jury meeting in the spring term, 1890, to serve until January 1st, 1891.

The successors of the two commissioners so selected, as well as the successor of the commissioner whose term expires April 1st, 1891, shall be elected on the first Wednesday in October, 1891, by the duly qualified voters of Fulton county on the same day that members of the legislature shall be elected, and in the same manner.

The two commissioners succeeding the two appointed by the grand jury to serve until January 1, 1891, shall hold office for three years, beginning January 1, 1891.

The commissioner elected to succeed the commissioner whose term expires April 1, 1891, shall hold office until January 1, 1894.

The election for the successors of the two commissioners whose terms expire April 1, 1892, shall take place on the first Wednesday in October, 1891, at a special election to be called by the ordinary, giving thirty days' notice. The two commissioners so elected shall hold office until January 1, 1895.

Thereafter, as the terms of the commissioners shall expire, their successors shall be elected on the first Wednesday in October preceding the expiration of such terms, and shall hold office for three years, counting from January 1st following.

The elections for county commissioners to be governed by the same rules as govern the election of members of the general assembly. Of the two commissioners appointed by the grand jury to succeed the commissioners whose terms expire April 1, 1890, one shall be not a resident of any chartered city or town in Fulton county, and his successor perpetually thereafter is not to be a resident of a town or city.

JOURNALIST AND EVANGELIST.

A Reformed Newspaper Man Who Has Taken to Preaching.

Who is Mr. Howren? The newspaper fraternity know that for several years he was on the staff of the Charleston News and Courier, and of the Columbus Enquirer-Sun, and that he had the reputation of being one of the best journalists in the south.

Mr. Howren is a native of Georgia, the son of a Methodist minister, and was an Emory college boy. By some means he became the victim of the drink habit.

A few weeks ago in the city of Charleston he was remarkably converted, and at once began to preach Christ and gospel temperance. Last Monday night he spoke in Rome to an immense audience at the warehouse.

Says the Rome Tribune: "Mr. Howren possesses the language of Sam Small with the wit of Sam Jones. For an hour or more he moved the great audience at his own will. This genius and Caesar of the press told in words most touching the story of his sad and piteous career."

Mr. Howren will speak in Atlanta next Sunday afternoon, at 4 o'clock, and also at night, at the Women's Christian Temperance Union hall, 163 North Broad street.

A MAN FALLS OFF A HORSE AND DIES ON THE STREET.

There was a strange death in front of Providence infirmary, on Ivy street, yesterday evening about 6:30 o'clock.

Jim Furlow, a negro who has charge of the horses at the Atlanta Street Railway company's stables, was riding a horse toward the West street stable.

Suddenly he was seen to reel in his seat; then he recovered himself.

But just as he crossed the Edgewood avenue line, he fell off his horse, full length in the street. Several persons who saw the fall, rushed to his assistance, but he was dead in eight minutes after he fell.

The body was removed to the stables and laid out. Dr. Divine examined the body and Coroner Avery was notified. It was decided that the death was from natural causes. Furlow was a young man without any family, except his mother and father, who live in this city.

A BURGLAR CONVICTED.

Patrolman Looney Catches Up With a Thief.

Thursday evening Patrolman Looney arrested Eunk Carter, who was attempting to carry a cart on the Georgia Pacific road.

Yesterday Carter was convicted of burglary and sent to jail.

Carter has been identified as an ex-convict, who has served a term of ten years for horse stealing and a longer term for burglary previous to his arrest by Patrolman Looney.

Every third person you meet is troubled more or less with indigestion, and don't know how to get rid of it. The causes are easily recorded. A lack of sufficient exercise, eating too much by persons of sedentary habits, indulgence in too rich food, a sluggish torpid liver where the blood does not do its duty, and bile is allowed to accumulate; these cause the whites of the eyes to turn yellow, the skin to look thick and coarse, and the complexion yellow or dark. These are the indications of biliousness. Brown's Iron Bitters is the remedy you want. It acts directly upon the blood, cleanses and purifies it, and sends it on its journey through the channels of the liver, giving to it activity and clearing out the bile. It will remove the yellow tinge from the eyes and the complexion leaving the latter fresh and clear.

KEEP IT HOLY:

THE SEVENTH DAY ADVENTISTS AND THE SABBATH.

A Minister of the Church Talks of the Persecutions They Have to Undergo in Different States—They Will Hold Campmeetings.

"We are persecuted, our preachers are shot at, and our followers put in jail because we keep holy the seventh day instead of the first day of the week."

It was the Rev. J. O. Corliss who made this remark. He was seated yesterday in the hall of the Markham house, and was telling of some of the trials and dangers that are respected Adventists have to bear with.

"Our faith," he continued, "only differs from that of other denominations in two respects. First and foremost, we believe in the strict construction of the fourth commandment, which requires the observance of the seventh day. We hold that the term Jewish Sabbath as applied to the weekly worship, are names of human invention, unscribed in fact and false in meaning. In short, we believe that there is but one Sabbath, and that is the Sabbath of the Lord thy God. The second point on which we differ from other religious bodies, is in the belief of the final utter extinction of the wicked, and the case of the dead lie in 'silence, inactivity and unconsciousness until the resurrection.'"

"Are you persecuted for your faith throughout the country?"

"No indeed, we are not. There are now only three states where we are interfered with by law, namely, Georgia, Tennessee and Pennsylvania. Of course the world-wide age don't persecute the Adventists as a hard working, industrious people, and their religion makes them the best citizens and the most patriotic ones that can be found."

"Who are the people who persecute you?"

"I am sorry to say it is the members of the other churches who give us the most trouble. But it is the bigoted and ignorant part of the congregations. Of course the world-wide age don't care whether we ever worship or not, and the better educated people in the other churches recognize our right to celebrate the Sabbath when we think right so long as we don't disturb others."

"What forms do the persecutions take?"

"Well, as a rule some fanatic will lay round watching until he sees some of our people doing some lawful work on Sunday.
